OS Patch 21182

For Mesa 2 Rugged Tablets Running the Windows 10 Pro Operating System

These notes include important information for our Mesa 2 customers regarding the most recent release of the Mesa 2 Windows OS Patch.

Documentation and software updates are located on our website here: <https://junipersys.com/support>.

Updates in the OS Patch

- The Expansion Driver was fixed so the RS-232 will work after a Windows Feature update.
- All Juniper executables and DLLs have been digitally signed (this was included in Driver Package 21106, but no patch was done at that time).
- The online support link under Settings > System > About will now link to <https://junipersys.com/support>.
